Good Job to those that helped with water at the first game. I know that it was a little hectic, but we did overcome it!

**Bus Signs/ Bus Kits:**

I thought this went very well!!!

**Wake up with a sister:**

Caitlin: How did it go? At the committee meeting we will come up with different idea to make them more effective.

**Field Lining/ Field Sweeping:**

Well, I am going to ask to make this part of the closed door policy. I understand that I cannot force anyone to come, but you should want to. There were basically three people that I saw consistently lining the field and the reason for the sign up sheet was so that no one would have to feel like overwhelmed. So...put it to a vote?

Big Sister Applications are due the 9<sup>th</sup>, which will be collected at vote. Extra interviews will be Tuesday at 8pm, and vote will be at 9:15pm. You will not be getting an MC pin if you do not give Allison \$8.00 by Sunday. Gig books need to be done by Sunday and you should buddy up someone to buy things. Quiz number one is available and all sisters have a MC packet now. All of quizzes should be completed one week before the MC's. Allison will be posting 2 weeks at a time so that if you need to you can tke 2 at once.

Sister Cintolo requests active status, pending Mr. Parks and Liz's decision.

Dear Sisters of the Delta Delta Chapter of Tau Beta Sigma,

As you already know, I would like to request Active Status, pending the approval of Mr. Parks and Liz, of course. During the past year, while Conditional, I've improved my academic status and my health. While I will need to be on Academic Probation within the chapter, I've finally brought my GPA up to par with the university. Now I feel that I can continue to improve on my schoolwork while being able to participate actively with the chapter. I love this organization and what we support, and I'm excited to finally feel confident enough to request Active Status. Even though I'm obviously not in band, I've spoken to Mr. Parks, and he's suggested that videotaping the band might help to fulfill my ensemble requirement. Of course I still need to wait for his and Liz's approval, but for now, I would like to ask for yours.

Respectfully submitted with LITB,  
Kaitlin
