Old Business:**Fundraising:**

We did really well at the table and made about \$100.00, and Caitlin's dad won the cup.

Most of you have finished your dues plans, so congratulations!! Also, our donation to the band building has been processed and once everything is settled we will be donating our other half.

Jen is sorry that she did not get the rankings out, but she had an exam and paper. If you have not been participating in surveys, please check your goal sheet that Jen handed out in the beginning of the semester and try.

Service Report:

Old Business:

Thank you to all of you that helped out with the band sorting and with band day in general!! You all did an amazing job and really helped to pull the whole thing together (especially those of you that helped me lug those tables full of donuts around!!)

Service Committee:

Steph still needs sheets from Caity and Jackie, please get those to me a.s.a.p so that I can send Mr. Parks an update on where we stand with service

Correspondence:

Danni is sorry that the reverse trick- or- treating did not work out as well as we had hoped.

We are doing another mailing for the alumni because the first one was free!!

Anyone who wants to write an article, please bring it to the next set of meetings.

History:

History Night this Thursday November 6 @ 8pm in Barlett

Consitution:

Game Night Nov. 20th @ 8pm in Barlett

Miscellaneous:

Sorry about the officer evaluations, but the chapter evaluations are in and will be discussed at the next set of meetings.

New Business:**Fundraising:**

No committee meeting this week. Thursday Nov. 13 @ 7 in Blue Wall.

Campus Fundraiser: watch the video!!! If we do this, we can make an estimated \$350.00 dollars per year, but we did make more than that. Once we complete the magazine fundraiser. Boosters are kept even if magazines fail. If goal is made bonuses are: 600 (production) or (time period) must complete in 3-5 days, over thanksgiving break
End up with at least \$2000

Concerns:

If subscriptions are for multiple years- will ask about

Could be up to 3 years

Cannot sell to family

Renewing subscriptions count

When can they renew

Time 3-5 days is the worry. It could push you to make sure that you do it.

What is their way of knowing whether you do it in the limited amount of time. Jen's impression is that they send you a kit.

Suggestions:

When you go home, you can ask people that you work with and family.

Even if we do not make our quota, we are still going to make money and doubling off profits, regardless of what is completed as long as it is sold.

Service:**FAC Christmas Tree:**

Kelly will be heading this project, with Steph C. helping her! We will be setting up a donation tree in fac, hopefully in combination with the Newman Center and the majors can help support local families.

Movie Night:

I talked to Mr. Parks about this and he thinks that it is a good idea. Caity- you may need to help him get the movie "Building Power and Class" and other band videos since he is a little overwhelmed with the band building right now.

Holiday Caroling!!!

We will be going door to door in the community and singing!!! Jackie will be coordinating this project and Caity found vocal music in the library!!!

Dress for Progress:

Voting upon Academic Year:

Academic Year: Pro

Opportunities to all sisters to be an officer

Con:

Not enough time to do all projects and activities (all in one semester)

Yearly:

Efficiency

Ability to be ready for MB season

Better prepared for fall

Can improve ideas over the summer

Officers already know officers

Previous officers are already to talk too

For Joint, we have one new and one old officer

Other chapters in the nation have similar to this

Cons:

Difficult for graduating seniors to hold an office

Only doing it to be different

Too different from the brothers

Concern is that it will effect how long you need to wait before you can run for another officer.

We will vote at the end of this semester no matter what.

President:

- **yearly**

- had past president around to ask them questions about the RSO, especially since some binders were lost.

- Not as overwhelmed with the fall

- in the spring we were stronger since we did have a class and were less busy.

VPM:

Academic

- Hard to judge because there was to MC class last spring.

- Making the packet is better for the summer, especially in keeping in contact with Mr. Parks. Having the whole summer to go through everything and talk to other chapters was extremely helpful.

- GENERAL: thinking in terms of each year it is easier to look at your schedule, without thinking about the split and not knowing where you are going to stand with all of things that you are going to need to be doing.

VPS:

- **calendar year** – Less chaotic, new ideas are easier to put in effect in spring Summer time are good time to plan for the fall semester because projects are all set by schedule of MB.

Treasurer:

Academic year- Basically it sets you up for disaster because you are not sure what the season is going to bring with time commitments in the fall. A summer of planning is kind of a waste because all of the ideas could not go into effect for the fall

Correspondence:

Academic Year:It throws you off because you try and put all the ideas in the golden type writer in less than a semester. And it is harder to plan everything out for travel because you need to figure out how to do it. It was easier for Danni because she already had the skills from her major.

Rec. Sec.: **Neutral**

History:

Yearly Calendar: a lot more time to accomplished goals and projects, but either way it could work.

Parliamentarian:

Yearly: You have a semester to look over the constitution and revise it in the fall.

AVPM: semester office
