Valentine's Day Fundraiser

- This was kind of a dud, but we did make profit of \$9. Not bad, considering that we didn't have much time to advertise to concert band.

Check from USSBA Show

- We will be getting a check for \$500 at joints tomorrow.

Membership:

For now on when you are straw pulling on an event, or voting on a date PLEASE do NOT raise your hand if the date is bad for you. There is a difference between liking an idea, and actually having the time to do it. This will prevent us for signing our selves up for stuff that we can actually follow through with. On that same note we need to prioritize between what we think is more important.

We are going to host a few "rush" events this semester. This is a chance for prospective members to come hang out with the sisters. They can ask questions

about what we are about, but we need to treat the activities a little different since we won't be giving them the option of MCing until the fall.

Activities

- Jewelry making night
 - Tuesday March 24, 2008
- Band trivia night
 - Thursday April 4, 2008
- Roller skating
- Ladies night out-Dinner & a movie
 - May 1, 2008

At the membership meeting we had a discussion on changes that need to be made within the chapter

- Recognize what you have—we're sisters. This is not a class, this is not your job; it's a bond.
- Responsibility—this needs to be a priority in your life, you owe it to this organization to make it a priority. If you don't like how things are going, don't run away from it, stand up and try to change the things you don't like.

Quizzes

- Post membership education is going to be really different this semester. The board decided that written quizzes are not an accurate measure of our knowledge.
- You're going to be split up into groups to be based on your MC Class.
- Each member is going to be responsible for teaching the rest of the group one part of the information, so that way you are helping each other study.
- You'll go in front of the membership board together, and each be asked a few questions.
- The objective is to test you on your knowledge, bring you closer to your MC mates, and grow in the bond.
- The other is to choose your favorite purpose, quality, essential factor and write a paragraph of what it says to you, and how it is important to the sorority and our chapter.—the paragraphs will be shared and a later event in the semester.
- The third assignment is to either write in a poem, gather a bunch of quotes or create some type of collage, photo montage or something fun, which expresses the mission statement. This is ultimately an expression of what

tau beta sigma is to you. These will be used in our presentation at districts for the top chapter award.

- Due by the next set of meetings—mission statement collage
- Due by march 23- paragraph of what your purpose or something means to you
- Pick on the purposes, five, or eight, and write what it means to you Due March 29th.
- The other part will be given to you later

Attendance Policy

Basically attendance is going to be strict, when you start to get close to our quota of absences, you will get a verbal and written warning from me and Steph. If you hit the fourth- you will be a probational status. If you feel that you are unjust then you can appeal it and the membership board will vote on whether or not it is expectable. Probation is when you lose voting rights, rights to a little, and your office that semester. You must give written excuse to Alison, and the person writing the event and if not it is unexcused. Alison has all class conflicts written down so let Alison know the other things. Clarify class conflict- it is part of your major and for credit. Sister can do one small service project to delete an unexcused absence- ONLY ONCE.

Post Membership Education:

Split up into groups with your MC class. Each person will be in charge with teaching someone else within your group a part of that particular membership quiz that week. The group will go in front of membership and they will ask each of us a question. Pick on the purposes, five, or eight, and write what it means to you Due March 29th.

Service:

Color guard cleanup this weekend- only a small amount of people went. Be more attentive to what is sent over list serve.

Will be choosing a new VPS in new

Sister Iaconetti motions to pay for bags by check

Sister Marone seconds

Motion passes

Tote Bags

- Pricing should be \$10 a bag, give or take – they cost about \$2 apiece and the letters cost us nothing because they were in the chest. If we can sell all

25 bags, we'll make at least \$200 – if we can sell raw letters as well, we'll make even more.

- Saturday, March 8th – 12-6pm: working on the bags- bring sewing machine, iron board, needle and thread.
- Suggest you get both chapter and dress letters
- Districts is the following week, so if need be, I'll be moving my committee meeting on Tuesday, March 11th to somewhere that is sewing machine-friendly. We'll discuss that at the next set of meetings.

Online Surveys

- You should all have received my email via the listserv by now. As the group leader for this, I can monitor who has joined, who is active, who isn't doing surveys, etc. Please participate! I can't force you, but all active members should definitely be trying their hardest to do all the surveys you get.

Ordering Things

- I have little order forms! Fill it out if you want something and get it to me by joints tomorrow – with money would be even better!

Empties for Cash

- We need to start doing this again! I have some with me. Encourage your friends, roommates, hall mates, etc. to participate. Sarah, I'd like to add them to the FAC board as well.
- I will be sending an email over the listserv to advertise to the band.
